**Web Development:** HTML, PHP, CSS,ReactJs.

**DataBase:** MySQL, Xampp.

**Tools & Technologies:** VS code, Git, GitHub.

## Soft Skill

Leadership, Communication, Problem Solving, Decision Making, Error Detection Critical Thinking.

## Mini Project

**Food Truck DataBase (MySQL):** The Food Truck Database project intends to handle customer data, order histories, and menu items with pricing in an effective manner. For more efficient operation, it will also keep track of vehicle maintenance schedules and employee information, such as roles and departmental responsibilities.

**Catering Service (HTML, CSS, PHP, JavaScript, Xampp):** Utilizing HTML, PHP, CSS, Xampp and JavaScript, the Catering Service website project features a user-friendly interface with sign-in and sign-up pages for account management. Users can place food orders through an ordering page, where they can view the total price of their selections. The site also includes a review page for customer feedback and a system to track food orders for efficient service delivery.
